

# When you need reliable, long-lasting solutions for outdoor spaces, choose Fendona® brand solutions from BASF.

## Fendona® CS

Controlled Release Insecticide

- Powered by alpha-cypermethrin in the form of multi-sized protective microcaps that ensure long-lasting performance
- Application won't wash away when it rains and holds up on porous surfaces
- Acts quickly on key labeled pests and is especially effective against mosquitos and spiders

## PT® Fendona®

Pressurized Insecticide

- An easy-to-use aerosol formulation for crack & crevice precision treatments
- Pressurized delivery provides fast knockdown of key pests, with proven long-lasting control of houseflies and bed bugs
- Labeled for outdoors but can be used indoors and in food handling establishments

Use the Fendona solutions alone or together for a powerful defense of the summertime perimeter.
