NEW FOR 2025

TIDAL universal backpack sprayer rack

Product features:

- Black powder coated steel
- Locking bar
- Can easily be adjusted to fit our 4-gallon or 2.5-gallon backpack sprayers
- Works with most backpack manufacturers
- Fits under tonneau cover when using rear lance holder
- All nuts and bolts included

- Integrated nozzle rack on the back
- Easy, secure storage for your backpack sprayer

Made of powder coated steel, this backpack sprayer rack comes complete with everything needed to secure and lock your backpack sprayer to your service vehicle. The backpack sprayer works with most backpack sprayers but best with TIDAL 2.5-gallon and 4-gallon models.

Built tough to protect your sprayer, this heavy-duty rack also makes storage effortless. Just holster the wand, drop the sprayer in, secure the locking bar, and you're done. With the straps facing outward, it's ready to grab and go—perfect for quick access and added safety in truck beds or tight spaces. If used under a tonneau cover, the wand can be stored with the included clips along the back of the backpack rack.
