

Revolutionize Your Fly Monitoring Service

Boost labor efficiency, reduce costs, improve customer satisfaction.

Data-Driven Fly Monitoring with AI-Powered Features

- Total Insect Count Analysis
- Insect Size & Count Breakdown
- Intelligent Trend Analysis
- Glue Board Capacity Status
- Humidity and Temperature Indicators
- Customized Alerts, Reminders & Reports
- Device Status & Details

SAVE TIME AND MONEY

Say goodbye to wasted time and resources by pinpointing exactly which ILTs require attention.

IMPROVED RESPONSE TIME

Don't wait for your next scheduled visit; 24/7 remote monitoring enables faster intervention.

SAFER FOR TECHNICIANS

Replace glue boards only when necessary, minimizing ladder climbs and obstacle navigation.

24/7 Real-Time Remote Monitoring

Our AI technology monitors the glue board at your specified intervals and provides updates on how full it is, the number of small flying insects, and the number of large flying insects captured. Remotely view a specific insect light trap (ILT) or all ILTs at a given location.

High-Performance Fly Light Meets AI-Powered Software

COBRA LED

- 69% energy savings over fluorescent model and improved sustainability
- Aluminum reflector for increased attraction
- Translucent Technology provides a 180° fly attraction for faster and greater fly catch
- Works seamlessly with Genus® Universal white glue board

- 24/7 centralized monitoring of insect activity
- Built-in camera captures photos of glue board at scheduled intervals
- Visual data reports on glue board capacity, insect size (over and under 5mm), andii count trends over time
- On-demand access to high-resolution photos via web portal or app

PREVENT FLY-VECTORED OUTBREAKS

Receive alerts before outbreaks happen. Set alerts for high insect count, offline device and more.

SIMPLIFIED COMPLIANCE DATA

Ideal for sensitive accounts where real-time reporting is critical such as F&B and Pharma.

CENTRALIZED ACCESS

Monitor multiple facilities from one convenient platform, via web portal or mobile app.

ITEM	VESERIS SKU	DESCRIPTION
ILT	885455	PELSIS DIGITAL COBRA LED 1106004192
GATEWAY	885454	PELSIS DIGITAL GATEWAY 1106004195
UV SOURCE	885456	GENUS LED 18 LONG STRIP BLUE 2PK 8/CS
GLUE BOARD	885461	GENUS UNIVERSAL WHITE GLUEBOARD 15/PK 20PK/BX
