envu™ Mosquito Management

Your core solution for long-lasting mosquito control

- + Ends the breeding cycle by providing up to 90 days of control
- + Polymer barrier protects against weather, UV exposure, irrigation and abrasion
- + Mosquitoes are exposed to the active ingredient when they land on treated surfaces

Deltamethrin delivers more effective mosquito control

- + Effective against mosquito species resistant to Type I pyrethroids
- + Long-lasting control delivers better results and reduces callbacks
- + Low toxicity means freedom from wind speed restrictions

Long-lasting control eliminates the need for an IGR
